DETAILED ACTION

Drawings

1. Figure 7 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-15 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention particularly characterized in independent claims 1, 3, and 4 by the limitation that a second pick is used to transport a wafer to a specific process chamber after using a first pick and for any subsequent carrying steps. Claims 2 and 10 depend on claim 1. Claims 7-9 and 14 depend on claim 3. Claims 5-6, 11-13, and 15 depend on claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
